"They say that "Annexed District," "Above the Harlem," and "Twenty-third and Twenty-fourth Wards" are perplexng and cumbersome titles, and suggest The figures brought out by the Govern- that the region be hereafter known as "Trans-Harlem." The adoption of this new name, they

say, has been indorsed by many promthat section, and it has the advantage of brevity and appropriateness; besides, it will help to perpetuate the name of Harlem, of "noble memory to all lovers of liberty.' They also cite the fact that the pro

osed name will be in accordance with the established nomenclature of districts lying beyond a fixed boundary, as, for example, Trans-Alpine, Transvaal and Transylvania, and as it is only intended to give a name to the general region. mprising perhaps twenty square miles above the Harlem River, it will not interfere with the names of special localities or distinct neighborhood titles

calities or distinct neighborhood titles, such as Fordham, Morris Heights, Kingsbridge and others.

The Faculty of the University also suggest that a good way to poularize the new title would be for the newspapers of the city, whenever they have occasion to mention that part of the city, to allude to it as Trans-Harlem, and not as the Annexed District or any of the other names which have been given to it by popular usage.

The new name is to be used by the Faculty in the annual catalogue of the University, which is now in press, and every effort will be made to secure the adoption of the proposed designation.

FOUND GOLD IN A GRAVE.

Poor Miner Burles a Pauper and Strikes a Bonanza.

"A good turn will always turn up so that you never get the worst of it." said Frank Painter, of tomo, (ol., at the Lecters Hotel to a St. Louis Globe-Democrat reporter.

"How do you suppose one of the best fellows that ever lived became a rich man? It isn't a long story, but it shows to a finish that a square act never goes astray, even it it does take some time in finding its way around.

one who may be afflicted with any of the ab

headaches, sleep;and est well, am not nervo my kidneys are hearthy and blood pure. "In short, I was saved from that terrible

You will see, therefore, that Dr. Greene's ing nervous and chronic diseases. He .C. onsulted free, personally or by letter.

DROWNED BY AN ABALON'S Its Grip Caused the Death of a

fish Chinese Fisherman mong the showy shells of the are better known or more widely tributed han the sea-ears or abelons says Forest and Stream, and none a more engerly sought for by Chinese fis One would scarcely anticipate dang

One would scarcely anticipate dang—much less disaster—from the put of an object so harmless in itself: it is reported that a Chinaman once; its lite near Bartholomew Bay, or coast of Lower California, while stering abelones.

The foot of this shellfish is capt of taking a firm hold on a flat surf and in most cases it becomes almost possible to detach the shell with breaking it into fragments.

The unfortunate fishermen referred was collecting the shells under a she ing rock between tides and had thrils arm around a sharp edge to diedge a large one which he saw on t surface. Having no stick convenient pry off the abelone he placed his figers under the shell and tried to dach it by a quick motion. The ablone, however, contracted sudenly an held the fingers of the Chinaman tightly that they could not be pullaway.

The tide rose and the man was drow.

away.

The tide rose and the man was drown
ed. His companions returned to searc
for him at the next low tide and four
his body still imprisened by the poweful grasp of the abelone upon the rock Too Much. (From Truth.) Mrs. Risycricus-Do you think the car
